

Student Teacher: Margaret Geary

Subject: 7 Science

School: Raymond Jr.

Level/Grade: 7

Date: 3/21/13

to use as an assessment.

- you spent a good deal of the video with your back to the class marking. By-and-large they were quite enraptured by it but were you aware of what some were doing?

↳ This is not the best of practice. Videos at best should be shorter snippets with direct instruction / discussion / activity in the middle of it.

- Closure: this is not a closure

Start with the end in mind.
